

12th International Conference on Elastic and Diffractive Scattering - Forward Physics and QCD

Thursday 24 May 2007

Theoretical developments - Main Auditorium (11:30 - 12:30)

time	[id] title	presenter
11:30	[63] BFKL equation and anomalous dimensions in N=4 SUSY	L LIPATOV
11:50	[64] QCD anomalous dimensions made simple(r)	G MARCHESINI
12:10	[65] QCD and string theory	C GOMEZ
