

ErUM-Data-Hub & DIG-UM present

Deep Learning School

„Basic Concepts“

27.02. – 02.03.2023

Welcome

Deep Learning School „Basic Concepts“:

27.02. – 02.03.2023

<https://indico.desy.de/event/37303/>

Local Organisation by ErUM-Data-Hub:

Martin Erdmann (RWTH Aachen University)

Angela Warkentin (ErUM-Data-Hub)

Benjamin Fischer (RWTH Aachen University)

Peter Fackeldey (RWTH Aachen University)

Jana Moser (RWTH Aachen University)

Program Committee:

Martin Erdmann (RWTH Aachen University)

Peter Fackeldey (RWTH Aachen University)

Benjamin Fischer (RWTH Aachen University)

ERUM-DATA-HUB & DIG-UM PRESENT

DEEP LEARNING SCHOOL "BASIC CONCEPTS"

2ND
EDITION

Learn about
Neural Network Building Blocks,
Mastering Model Building,
Convolutional Neural Networks and
Introspection of Neural Networks

Including a Group Challenge!

27.02.23 - 02.03.23

Landhaus Nordhelle

Meinerzhagen

Zum Koppenkopf 3
58540 Meinerzhagen

Organisation & Program:

Prof. Dr. Martin Erdmann
Angela Warkentin
Benjamin Fischer
Peter Fackeldey

Contact & Information:

300 € Participation Fee
Incl. Acomodation & full Board

Bundesministerium
für Bildung
und Forschung

SUPPORTED
BY DIG-UM

General Information

- We recommend the use of a medical face mask
- Wifi in the lecture room:
 - Connect to **Nordhelle [5G] LTE-1 in the front rows**
 - Connect to **Nordhelle [5G] LTE-3 in the back rows**
 - Connect to Nordhelle Guests with your **Smartphone**
- Water and apple juice in the lecture hall and at the meals are included for you
- During the school you can reach the organization team at the mobile number **+49 175 3259293**
- For those of you who like to thank the **Landhaus Nordhelle** staff for the service, we have a red device for collecting tips in the back of the room

Leisure Activities

Bar:

- Open every evening until about 11 pm

Free:

- Table football and billiards
- Swimming and fitness

Buy access at the info counter:

- Disc golf
- Bowling (10€/hour with up to 10 persons)

Social evening:

- On Tuesday evening we will open the bowling alley for you for a few hours. Feel free to come by.

We are a mixed group with different perspectives

Monday

Tuesday

Wednesday

Thursday

7:00	Breakfast
9:00	Lecture 2 Neural Network Building Blocks
10:30	Coffee
11:00	Hands-On Neural Network Building Blocks
12:30	Lunch
13:30	

	Breakfast
	Lecture Convolutional Neural Networks
	Coffee
	Hands-On Convolutional Neural Networks
	Lunch

	Breakfast
	Challenge
	Coffee
	Challenge Presentations, Award Ceremony & Farewell
	Lunch

14:30	Lecture Mastering Model Building
16:00	Coffee
16:30	Hands-On Mastering Model Building
	Supper

	Lecture Introspection of Neural Networks
	Coffee
	Challenge
	Supper

18:00	Supper
19:00	

19:30	Welcome
21:00	Lecture 1 Neural Network Building Blocks

Deep Learning School „Basic Concepts“

Speaker:

Dr. Sebastian Wozniewski:

Neural Network Building Blocks

Niclas Eich:

Mastering Model Building

Dr. Sascha Daniel Diefenbacher:

Convolutional Neural Networks

Dr. Caroline Heneka:

Introspection of Neural Networks

Material:

<https://indico.desy.de/event/37303/>

Hands-On Sessions & Challenge

Hands-On Sessions:

- We have three tutors here
 - Mathis Frahm
 - Stefan Fröse
 - Steffen Korn
- Feel free to ask questions anytime!

Challenge:

- The group challenge will be given on Wednesday afternoon
- You will present your results on Thursday
- More Info on Wednesday
