

# Very High Energy Electron Radiotherapy Conference (VHEE23)

## Tuesday 11 July 2023

### Dosimetry & Detectors (Roberto Corsini) - Seminar Room FLASH (Building 28c, 2nd floor) (14:50 - 16:30)

time	[id] title	presenter
14:50	[6] Recent developments in dosimetry for radiotherapy using electron beams with ultra-high pulse dose rates	SCHUELLER, Andreas
15:10	[7] Graphite calorimeter UHDR online dosimetry - [Zoom presentation]	FLYNN, Sam
15:30	[8] Scintillating and Optical Fibres for UHDR Real-Time Dosimetry with VHEE	BATEMAN, Joseph
15:50	[69] 2D real time dosimetry in electron UHDR - [Zoom presentation]	DE FREITAS NASCIMENTO, Luana
16:10	[74] ElectroFlash experience (intermediate-energies) and transition issues to VHEE	HEINRICH, Sophie
