## SOLEIL New Platform for Fast Orbit Feedback installation status

*Tuesday 20 June 2023 16:30 (30 minutes)*

SOLEIL is upgrading its Fast Orbit Feedback platform to withstand coming obsolescence of electronic BPM and future evolution of the machine. A MTCA platform was designed and is currently being installed to take over the Feedback computation. After introducing the new platform and summarizing its development, we will present the status of the installation. The integration of this new platform in SOLEIL's control system will also be outlined.

### Summary

**Primary author:** BRONÈS, Romain (Synchrotron SOLEIL)

**Co-authors:** BENCE, Aurélien (SOLEIL Synchrotron); PEDEAU, Dominique (SOLEIL Synchrotron); HUBERT, Nicolas (Synchrotron SOLEIL)

**Presenter:** BRONÈS, Romain (Synchrotron SOLEIL)
