

ICFA Seminar 2023

Tuesday 28 November 2023

Higgs and electroweak physics (09:15 - 11:00)

-Conveners: Florencia Canelli

time	[id] title	presenter
09:15	[1] Electroweak physics at the LHC (including top mass and top properties)	LI, Qiang
09:40	[2] Characterizing the Higgs boson - present and future	HEIM, Sarah
10:05	[3] Searches for BSM Higgs bosons and di-Higgs production	WOLF, Roger
10:30	[4] Higgs theory perspective	DE FLORIAN, Daniel
