

Session Program

27 November 2023 to 1 December 2023

ICFA Seminar 2023

Neutrino physics

Tuesday 28 November

16:15

Neutrino physics

Session | **Convener:** Bonnie Fleming

16:15–16:40

Theoretical perspective on neutrino physics

Speaker

Pedro Machado

16:40–17:05

Neutrino mass measurements and neutrino-less double beta decay

Speaker

Christian Weinheimer

17:05–17:30

Status of neutrino oscillations (long baseline and reactor experiments)

Speaker

Atsuko Ichikawa

17:30–17:55

Neutrino physics beyond the current paradigm (short baseline, reactors, ...)

Speaker

Matt Touns

18:00
