

New Perspectives in Conformal Field Theorie and Gravity

Thursday 28 September 2023

Parallel Session Thursday: Dark Matter Session - SR 2 (14:00 - 15:30)

-Conveners: Bibhushan Shakya

time	[id] title	presenter
14:10	[344] How could we probe the angular dependence of dark matter self-interactions?	FISCHER, Moritz
14:30	[300] X-rays constraints on sub-GeV Dark Matter	KOECHLER, Jordan
14:50	[314] Excited bound states and their role in dark matter production	BINDER, Tobias
15:10	[256] Exploring freeze-out and freeze-in dark matter through the flavon portal	TONG, Tom
