

New Perspectives in Conformal Field Theorie and Gravity

Wednesday 27 September 2023

Parallel Session Wednesday: Strings / Mathematical Physics I - SR 4a (14:00 - 15:30)

-Conveners: Craig Lawrie

time	[id] title	presenter
14:00	[266] Vacua of gauged N=2 supergravities arising as special subloci of the complex structure moduli space of String Compactifications	KOTLEWSKI, Sören
14:18	[271] Physics and Modularity of Calabi-Yau Manifolds	KUUSELA, Pyry
14:36	[269] Superconformal algebras for (twisted) connected sums	GALDEANO, Mateo
14:54	[259] (Higher-)spinning at the Edge of the Swampland	BAUME, Florent
15:12	[293] The Higgs Branch of Heterotic LSTs Hasse Diagrams and Generalized Symmetries	MANSI, Lorenzo
