

New Perspectives in Conformal Field Theorie and Gravity

Wednesday 27 September 2023

Parallel Session Wednesday: Strings / Mathematical Physics II - SR 4a (16:00 - 17:48)

-Conveners: Craig Lawrie

time	[id] title	presenter
16:00	[267] Comments on Non-invertible Symmetries in Argyres-Douglas Theories	Dr MININNO, Alessandro
16:18	[272] Semi-stable Degenerations and the Distance Conjecture in F-theory	ALVAREZ GARCIA, Rafael
16:36	[284] Understanding the tower weak gravity conjecture	FIERRO COTA, Cesar
16:55	[303] Aspects of Flat-Space Holography and Higher Spins	PANNIER, Michel
17:13	[313] Pure spinor techniques in (twisted) supergravity	HAHNER, Fabian
