

# PETRA III Workshop: Nuclear Resonant and Inelastic X-Ray Scattering

## Tuesday 11 September 2007

**Parallel Session continued: Nuclear Resonant Scattering - 25f, room 456 (10:30 - 11:30)**

time	[id] title	presenter
10:30	[19] What can nuclear resonant scattering teach us about molecular dynamics and catalysis - some results and perspectives	ASTHALTER, Tanja
11:00	[20] Iron Spin State in Earth Mantle: Inside From Combined NFS and Moessbauer Spectroscopy Studies	DUBROVINSKY, Leonid
