

Second Workshop on Particle Minibeam Therapy

Friday 22 March 2024

Dosimetry of Particle Minibeam production and application - Casino (10:30 - 12:00)

-Conveners: Peracchi Stefania

time	[id] title	presenter
10:30	[37] Invited talk: TBA	Dr THUY LINH, Tran
11:00	[22] Application of a primary-standard level calorimeter for absolute dosimetry in monoenergetic proton radiation therapy (pMBRT) beams	FLYNN, Samuel
11:20	[14] Realization and dosimetric characterization of a mini-beam/flash electron beam at the Centro Pisano Flash Radiotherapy (CPFR)	Dr PENSAVALLE, Jake Harold
11:40	[20] Impact of positioning uncertainty of detectors on the dosimetry of Particle Minibeam Therapy.	Dr COTTERILL, John
