## XFEL R&D Highlights

*Friday 27 June 2025 10:00 (20 minutes)*

EuXFEL is one of the leading FEL facilities worldwide. It is constantly expanding its delivery capabilities in order to meet the photon user requirements. This talk gives an overview of the active research in the area of attosecond pulse generation, coherence control and twin-pulses generation happening at DESY and EuXFEL.

### Summary

**Primary author:** GUETG, Marc (MXL (XFEL))

**Presenter:** GUETG, Marc (MXL (XFEL))

**Session Classification:** Beam Dynamics
