SciCat Technical

roadmap

Regina Hinzmann for SciCat at DESY, 25.09.2023

regina.hinzmann@desy.de

Presentation of each demonstrator beamline

We start with: **P08, P05 and FLASH**. Then **P06, P65, XFEL**. Others?

- Your experiences. Ingestion, roles, re-finding, etc.
- If SciCat is what it is intended for?
- Does everything work as expected? Please provide problems in ***written*** form, thank you.
- Do you need any feature to be added? Please provide in ***written*** form, thank you.

Status of SciCat

New backend

- Noel will provide URLs for new instance, using the new backend next week.

- Data migration

- If you haven't had an IT SciCat instance and we don't know you, please contact us.

Scope and organisation of these meetings

- Short hour, ideally 30 minutes. Status reports and progress of work.

- Monday mornings at 10 am, also online. Please provide issues beforehand, ideally til Thursdays.

- In tight coordination with SciCat all Stakeholders (held monthly).

- Both are indico meetings w/minutes.

Who is next?
P08, P05, FLASH

- 2.10. no meeting, but Noel will provide SciCat instances

- 9.10.

- 16.10.

- 23.10.

- 30.10., 6.11., 13.11.,

- 20.11., 27.11.
