

Joint ECFA-NuPECC-APPEC Activity Workshop "Synergies between the EIC and the LHC"

Thursday 14 December 2023 - Friday 15 December 2023

DESY, Hamburg

Scientific Programme

The Workshop program includes invited talks, plus a few selected talks among those proposed by participants. In the case you wish to propose a talk, please send a title and abstract in the "Call for Abstracts" page.

Place to display posters will be available for the whole duration of the Workshop in the area of coffee-breaks immediately close to the Auditorium (Foyer). Proposals for poster contribution can also be submitted through the "Call for Abstracts" page.

Notification about abstract acceptance will be sent to the authors of the selected contributions by November, 10th.
