

OUR NEXT NATIONAL OR INTERNATIONAL PROJECT.

NEXT STEPS / FOLLOW-UP ON THEMED
TASK FORCES

Targets.

Goal: identify O(1) initiatives of varying size/technology/physics.

Time: after LHC Phase 2 upgrades.

Size: 5-40 people.

Expertise: use DESY's e.g., in detector development and/or axions.

Involvement: leading role for FH, ideally

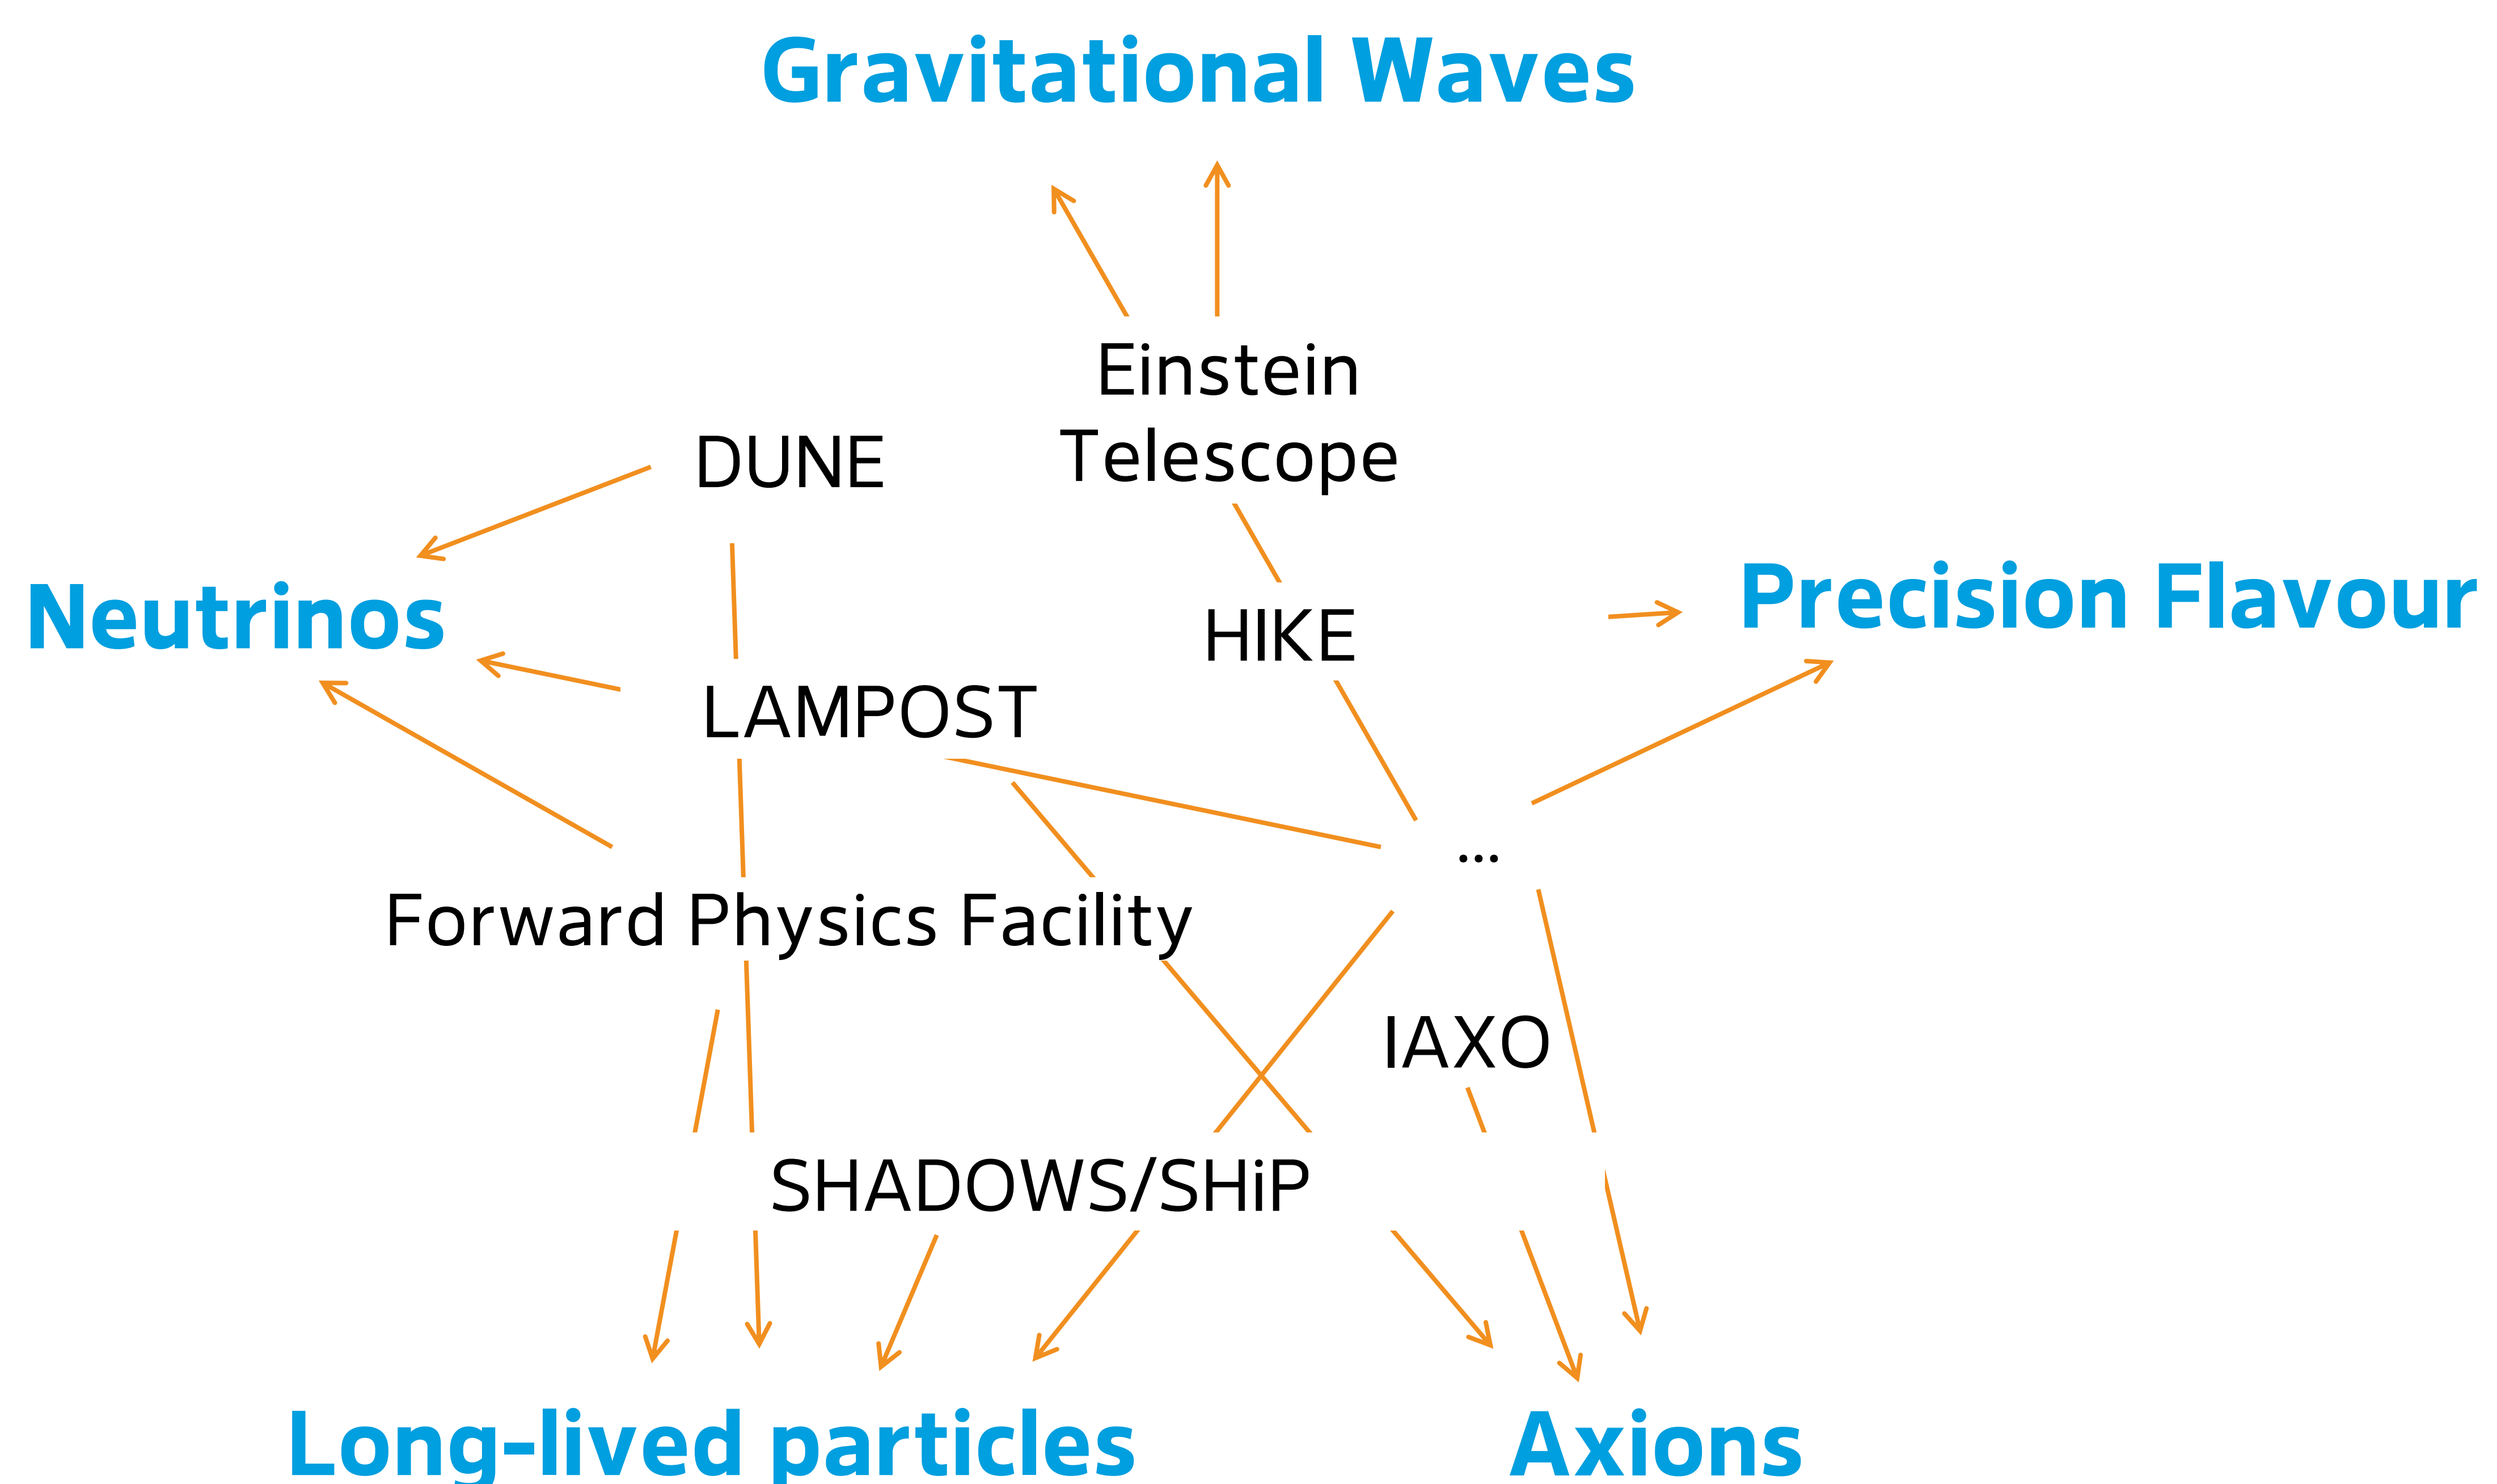

Key questions.

What are the most relevant metrics and how do we prioritize?

How do we monitor and generate informed interest?

How do we maximise the impact of DESY and FH?

Mapping the opportunity space.

Connections to other task forces and platforms.

- Detector development platform
- Local experiments task force
