

# SATELLITE WORKSHOP – Photon Science

## News from Computing for Photon Science

Tuesday, 23 January 2024

The presentation/workshop will give a brief overview over high- performance/high-throughput computing, information on recent changes/updates as well as on new services and developments with respect to the compute resources available for Photon Science Users and Staff. We'll also address common pitfall and aim to leave ample time for questions and discussions.

Organiser: André Rothkirch
