

Pre-school material

Monday 18 March 2024 13:00 (10 minutes)

Material to get familiar with ROOT/matplotlib will be provided here in advance to the school.

For those not familiar with the concept of 4-vectors in special relativity, you can find an introduction lecture on 4-vectors (based on notes from https://www.desy.de/~schleper/lehre/Physik_5.pdf) to study in advance to the school.

Summary

Presenter: NG, Yvonne (ATLAS (ATLAS SM and Beyond))
