

Theory Fellows meeting 2023

Report of Contributions

Contribution ID: 1

Type: **not specified**

Breaking symmetry

Wednesday 6 December 2023 15:00 (18 minutes)

Presenter: BARRAT, Julien (Humboldt-Universität zu Berlin)

Session Classification: Session 1

Contribution ID: 2

Type: **not specified**

High precision physics for color singlet processes

Wednesday 6 December 2023 15:18 (18 minutes)

Presenter: MARINELLI, Giulia

Session Classification: Session 1

Contribution ID: 3

Type: **not specified**

Ultralight dark matter and EFT

Wednesday 6 December 2023 15:36 (18 minutes)

Presenter: JIANG, Minyuan (T (Phenomenology))

Session Classification: Session 1

Contribution ID: 4

Type: **not specified**

Integrated constraints of conformal defects

Wednesday 6 December 2023 15:54 (18 minutes)

Presenter: KONG, Ziwen (T (Stringtheory))

Session Classification: Session 1

Contribution ID: 5

Type: **not specified**

Transverse-momentum distributions

Wednesday 6 December 2023 17:00 (18 minutes)

Presenter: RODINI, Simone (T (Phenomenology))

Session Classification: Session 1

Contribution ID: 6

Type: **not specified**

Gravitational waves from seeded phase transitions in the early Universe

Wednesday 6 December 2023 17:18 (18 minutes)

Presenter: BLASI, Simone (T (Cosmology))

Session Classification: Session 1

Contribution ID: 7

Type: **not specified**

Taming and Machine Learning effective field theories

Wednesday 6 December 2023 17:36 (18 minutes)

Presenter: LANZA, Stefano (UNI/TH (Uni Hamburg, Institut fuer Theoretische Physik))

Session Classification: Session 1

Contribution ID: 8

Type: **not specified**

Topological solitons as probes of new physics

Wednesday 6 December 2023 16:12 (18 minutes)

Presenter: HAMADA, Yu (T (Cosmology))

Session Classification: Session 1

Contribution ID: 9

Type: **not specified**

Probing scalar particles and forces with compact objects

Wednesday 6 December 2023 17:54 (18 minutes)

Presenter: BOSKOVIC, Mateja

Session Classification: Session 1
