Introduction

Goals of this meeting, as well as potential follow-up meetings

- Align our strategies as good as possible and identify new, common activities.
- Find language for a common approach to KAT, RdS and BMBF.
- Agree on when/how to meet the next time.

Next steps

- KAT community meeting (spring/summer 2024)
 - Summarise input
 - Discuss outline of strategy paper
 - ...
- Produce first draft (sections)
 - Form writing groups, coordination board
 - Implement connection to RdS by mutual participation
 - Include DZA representatives
- Present complete paper at 2024 Bad Honnef meeting (?)
 - Very ambitious timing
 - Note: Preparation of next ErUM-Pro strategy talks concurrently
- Aim at presenting documents and campaigning for them in due time
 - Common submission to BMBF
 - E.g. in the context of FCC decision at CERN
 - Target: Documents ready by end-2024
 - Both German and English versions
