  - Number of participant restricted by venue (hotel)
- Preliminary: 27 – 29 Nov **PUNCH4NFDI Annual Meeting** ("lunch-to-lunch"), Universitaetsclub Bonn link

PUNCH Unplugged & General Meeting

PUNCH Unplugged (29 Jan – 2 Feb) Recommendations:
- Schedule TA meetings if possible within this week
- Plan some short presentations/ reports of current results and work-in-progress
- Plan plenty of time to answer questions
- There are no stupid questions – even if they have been asked and answered before we should make sure to answer them in a way every user will be able to understand in the end (except for some back-end technologies which remain hidden from the user anyway)
- Document all questions and possibly answers
  - Could be done via a dashboard
  - Christiane can provide a template
- Encourage everyone to join one or two meetings outside their usual comfort zone as well (possibly plan within the TA)
- MB and EB meetings will be open to all PUNCH members

General Meeting (6 Feb): tentative agenda

9:00 – 9:05 Welcome
9:05 – 9:50 Discussion on PUNCH Unplugged week
9:50 – 10:00 Coffee break
10:00 – 11:30 Presentations
11:30 – 12:00 Discussion and Summary

Presentations: PUNCH-financed students/ Postdocs from all WPs

AOB

- Concept of RSE working group
  https://docs.google.com/document/d/1Gw4tO3wYY2NHt1TcCcDpnVnM9Y5EoRu1N9Mwgo2dink/edit#heading=h.7psi92lu1w5u

  - Quite generic
  - Don't take community efforts into account
  - Relying on approach of Software Heritage Foundation

- TA7 announcements
  - Reana training on 6 Feb in the afternoon after GM => registration will open today
  - One-to-one mentoring service will start in March => PIs as well as early-career scientists are invited to participate as mentors/ mentees => information will be sent around

- Information on conferences and meetings: if you are aware of an upcoming meeting which could be of interest for several PUNCH members or a general PUNCH contribution should be discussed, send a message to Christiane

Thank you!
