Workshop on open data for ML
Follow-up and next steps

- Outcome of the workshop = a roadmap
    - Editorial team set
    - Abstract to this ML for PaN conference submitted
    - Meeting beginning of January + discuss in doc/chat meanwhile
    - First version ready for ESFRI-EOSC task force end of January

- Follow-up workshop colocated with
  next NOBUGS conference in September 2024

- Opportunity to work under a SIG
    - Wider "Machine Learning" scope?
    - Or specific "open data for ML"
