

# Online data validation and rejection during experiments

The student will join the new Scientific Computing group in Photon Science, and implement data classification and validation algorithms using machine learning techniques, to be used at PETRA III beamlines.

## Group

FS-SC

## Project Category

A6. Theory and computing

## Special Qualifications

**Primary author:** KARTIK, Vijay (FS-SC (Scientific computing))

**Co-author:** BARTY, Anton (FS-SC (Scientific computing))
