Mikrosymposium 5/1: Operando Investigations: MS5/1 - Saal E (16:15 - 18:15)

time	[id] title	presenter
16:15	[823] Development of in-operando capabilities in TPS 19A High-resolution Powder Diffraction beamline	CHUANG, Yu-Chun
16:35	[663] Tender X-ray Photon-In/Photon-Out Spectroscopy at ESRF ID26	GLATZEL, Pieter
16:55	[200] Instrumentation to Promote In-Situ Experiments at the Powder X-ray Diffraction Beamline (PAINEIRA) at SIRIUS	B. RODELLA, Cristiane
17:15	[30] Algorithm-Accelerated Six-Dimensional WAXD Tensor Tomography	DONG, Zheng
17:30	[381] The Nano-Diffraction Instrument of the NanoMAX Beamline at MAX IV	KALBFLEISCH, Sebastian
17:45	[503] Current Status of NanoTerasu BL02U: beamline for ultrahigh resolution resonant X-ray inelastic scattering	MIYAWAKI, Jun
18:00	[448] Toward high-speed and high-accuracy single crystal X-ray diffraction measurements using the integration-type detector CITIUS	IMAI, Yasuhiko
