

# VMI Workshop

## Thursday 17 October 2024

**Session 3: Andrei Nomerotski: "Imaging and time-stamping of ions for VMI applications" - Seminarroom I-III (11:00 - 11:30)**

**Session 3: Carlos Trallero: "Symmetries in 3D momentum spectroscopy and extension to coincidence detection of nano ion formations." - Seminarroom I-III (11:30 - 12:00)**

**Session 3: Dieter Weber: "Sparse Arrays for 4D STEM with event-based detectors" - Seminarroom I-III (12:00 - 12:30)**
