

AiNT GmbH, ErUM-Data-Hub & LHC-ErUM-FSP Office present

# Transfer Workshop: ErUM-Scientists & Industry in Dialogue

06.02.2025

# Guided Networking

## In the coffee break:

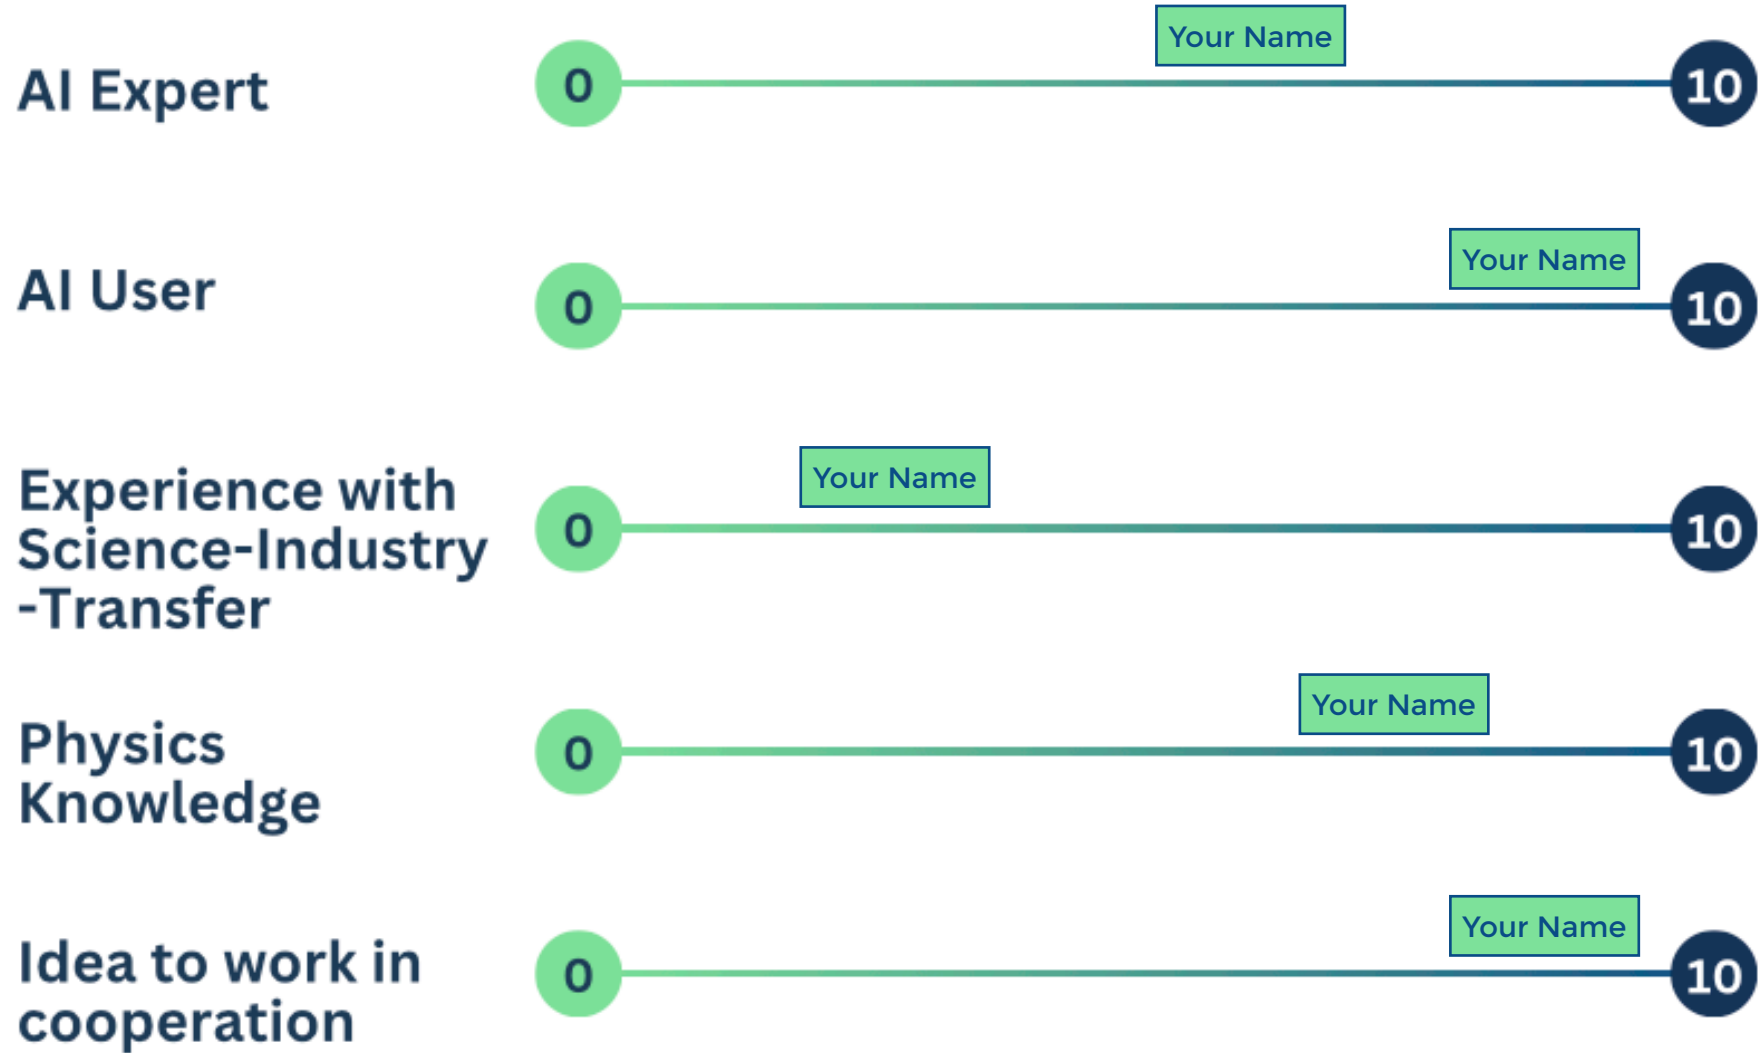

- Position yourself on the scales
- Fill out your profile

## In the networking session:

- Find people to chat with
- Join the thematic flipcharts

# Positioning Statements

**I work for / at**

**I work as** .....

**My area of expertise is** .....

.....

**I am here, because** .....

.....

**You should contact me, if** .....

.....

**Contact information:**

 .....

**Website/mail** .....

Industry

Science

# We invite you to discuss:

## **Fostering innovation ecosystems**

How can academia and industry work together more effectively to foster innovation ecosystems?

What measures can be taken to accelerate the transfer of technology from research to practice?

## **AI, Sustainability & Ethics**

What are the starting points for making research and development in AI more sustainable?

At what level should the discussion of ethics in connection with AI begin? Politics, research, application?

## **If I had all the resources and possibilities, I would...**

... work on this idea:

... drive this project forward:
