Science Pub Quiz

Tuesday 18 February 2025 17:00 (2 hours)

Why should you pet your basil plant from time to time? What is the IKEA effect? And does an onion float? Since the first Science Pub Quiz in 2019, Lisa, Nikolas and Dennis ask all the really important questions and get their audience to draw obscure animals, build paper planes and google answers as fast as possible.

Everyone is welcome to join this Science Pub Quiz - conducted entirely in English!

Whether you're an early career researcher, an experienced researcher, or just looking for a fun evening filled with quirky questions and fascinating facts, this event is for you!

Snacks and drinks will be provided from 4:30 pm on.

Register in teams of 3-5, or individually and we'll match you with other teammates.

Registration deadline: 13 February, 2025 - Please contact qurs.champp@uni-hamburg.de if you would like to register after this date.

Enjoy drinks and snacks!
