

QURS Days 2025

Tuesday 18 February 2025

Advanced course - Dark Matter. Cosmological magnetic fields: Origin, evolution, observational constraints, and relevance:

Part 1 - Harbor, building 610 (13:00 - 14:15)

-Conveners: Jennifer Schober

Wednesday 19 February 2025

Advanced course - Dark Matter. Cosmological magnetic fields: Origin, evolution, observational constraints, and relevance:

Part 2 - Harbor, building 610 (13:00 - 14:15)

-Conveners: Jennifer Schober
