

Introduction to Slido

- Tool that has the aim to foster interactions during talks
 - also + benefit that it records questions and allows bookkeeping and further follow ups!
- Completely voluntary and you can use it anonymously (better from browser, app is less anonymous and can be tracked)
- Data protection information: https://www.guvh.de/downloads/Datenschutzhinweise_Slido.pdf?m=1621933175&

- To access the session you can
 - use the link on the agenda
 - use the QRcode
 - use the #code below

- you need to select the appropriate session
- We will make a short test, please select “Test during intro”

Q&A part

here you can add
messages e.g. your
questions or
comments

Pool

If the session has a
questionnaire you can
access it here

An example of Pool is in the feedback session, where you can also switch tab to Q&A and submit your questions at the end
