

Infrastructure → Software Installation

HAMBURG • ZEUTHEN

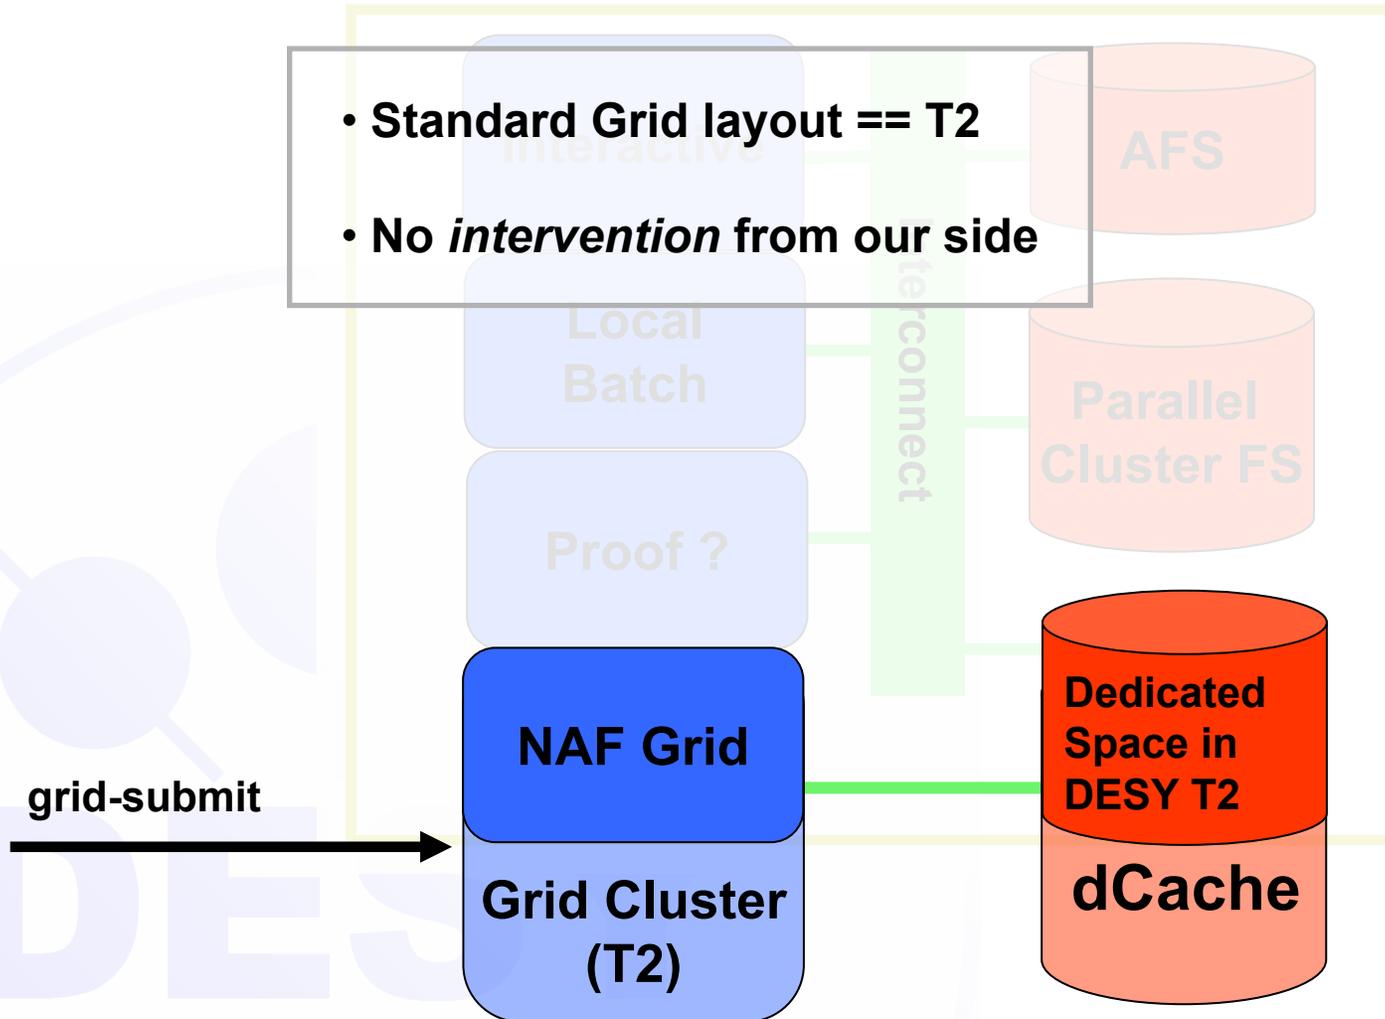

Software Installation → NAF_{T2}

HAMBURG • ZEUTHEN

NAF

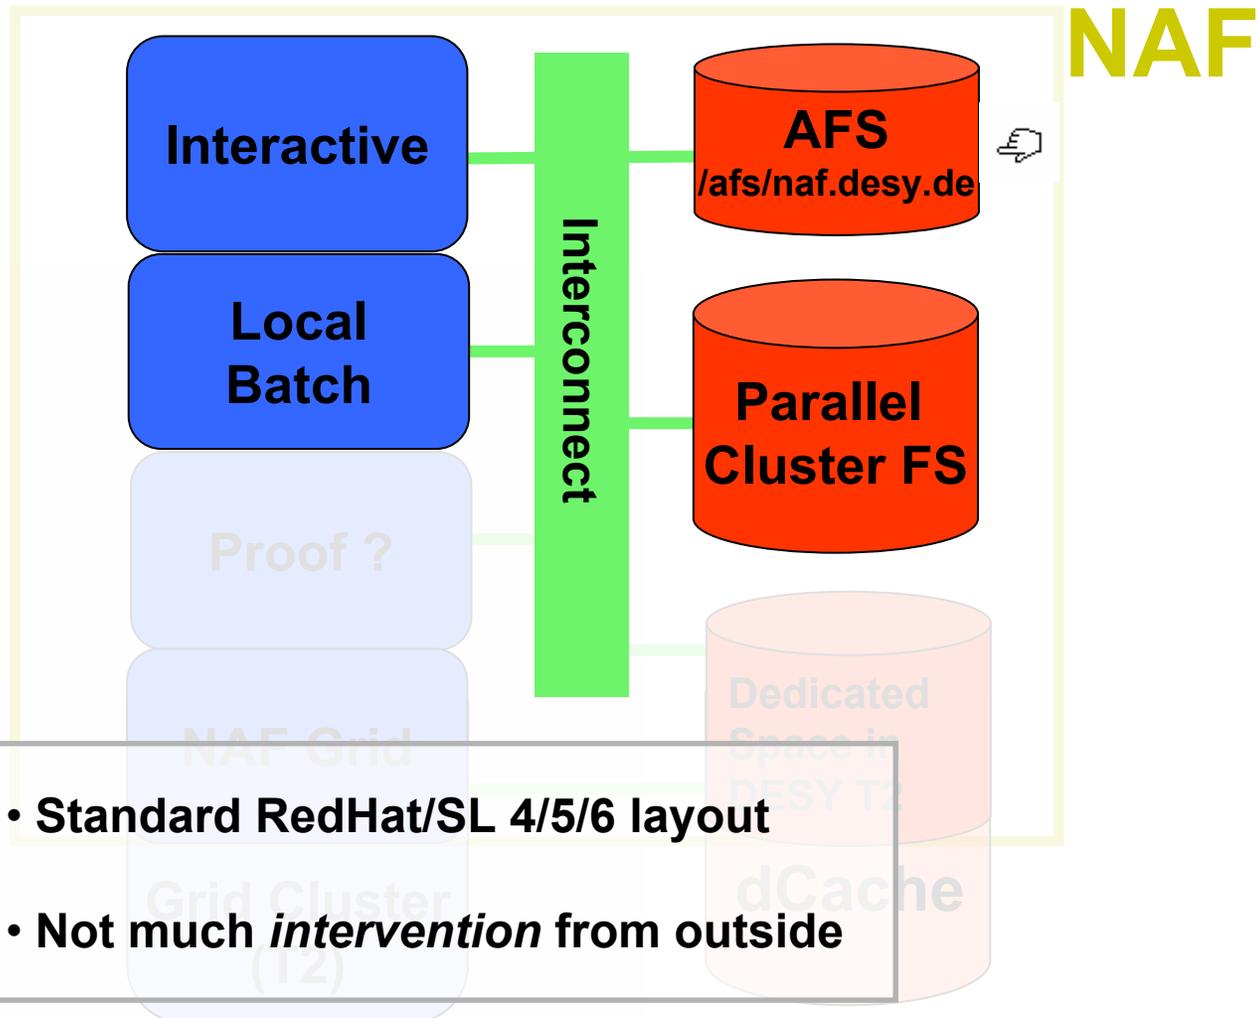

- Standard Grid layout == T2
- No *intervention* from our side

Software Installation → NAF_{Batch}

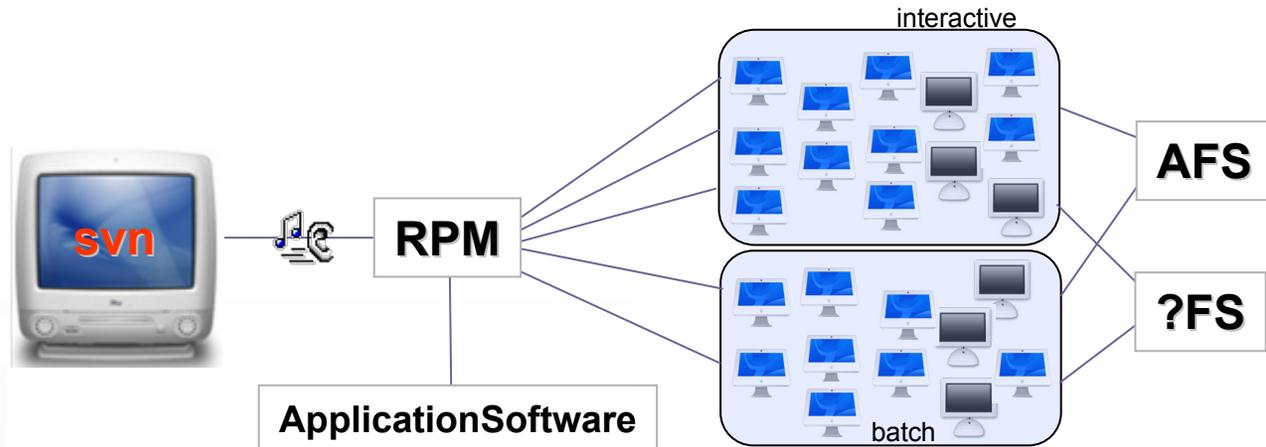

HAMBURG • ZEUTHEN

Software Installation: OS/AS

HAMBURG • ZEUTHEN

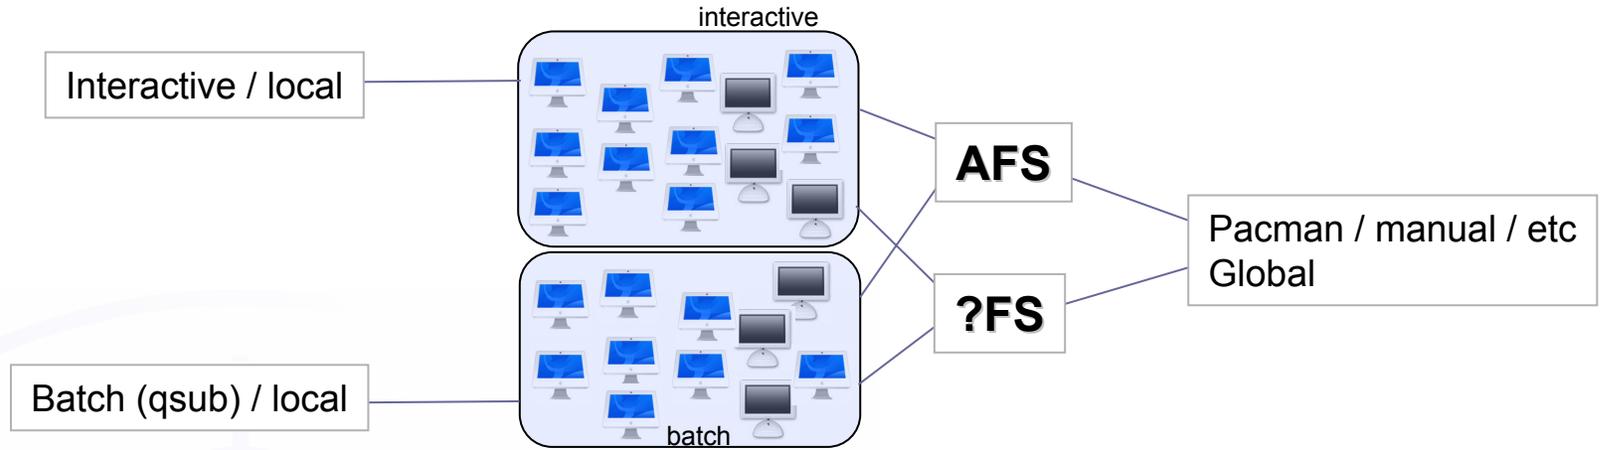

- **Whatever possible from SL/RH repositories**
- **Whenever possible as RPM and single versioned**
- **Homogenous throughout SL4/5/[6-n] nodes**
- **... deviations from SL should be agreed by all members**
- **... requests through SPOCs ?**

Software Installation: Experiment SW

HAMBURG • ZEUTHEN

- **We can provide the installation framework**
- ... second level support
- ... central mirrors / repositories
- ... software monitoring / profiling

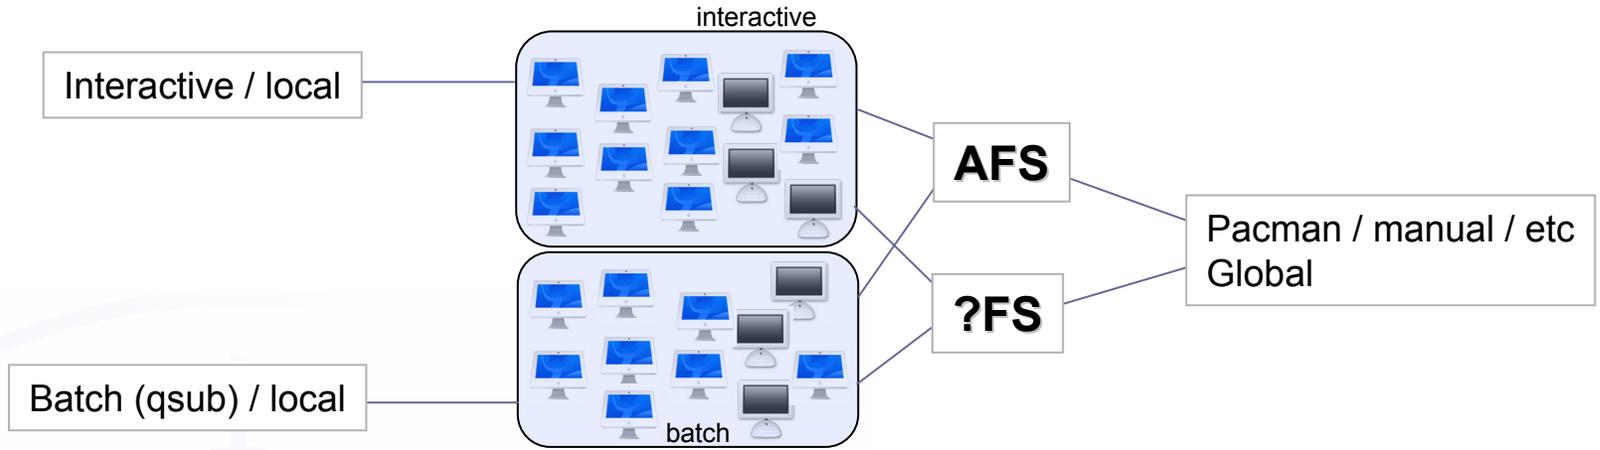

- **We can't define targets**
- ... act on very short notice

- **Experiment software should be installed / maintained by Experiments**
- ... would also serve as first level support

Software Installation: Experiment SW

HAMBURG • ZEUTHEN

• Debugging ?? We'd love to ...
