17th Terascale Detector Workshop 2025

Friday 21 March 2025

Artificial Intelligence for Detectors - Rotation Building, main lecture hall (09:00 - 10:30)

time	[id] title	presenter
09:00	[9] Introduction to AI for detectors	KIESELER, Jan
09:45	[10] Differentiating electromagnetic showers in a sampling calorimeter	GAUGER, Nicolas

Artificial Intelligence for Detectors - Rotation building, main lecture hall (11:15 - 12:30)

time	[id] title	presenter
11:15	[11] Optimization Stochastic Simulators in with Discrete Randomness	HEINRICH, Lukas
11:45	[12] Digital Discovery of Gravitational Wave Detectors	KLIMESCH, Jonathan
