RDB meeting #54
2024-12-19

Digital Leaps: moving forward

- Michele presented two topics at the GA (2025-03-19): wrapping up DL and plans for incubator.

- Wrapping up Digital Leaps:
  - Presenting an overview of "lessons learned"
  - An overview of workshops planned in 2025, using up remaining DL budget: €6k.

- Floating the idea of an "Incubator for Internal Projects"
  - Already discussed at Wannsee this January.
  - Like Digital Leaps, but less focused on "Digital" (having a broader scope)
  - If GA agrees, Michele would organise a workshop to frame the idea and for develop.
  - Link between these incubator framework and WGs/SGs is still to be decided.

Technical Roadmap: next steps

- The core team will start meeting from the end of March to start the second phase of this activity.

- The draft document will be prepared between April and May

- In May/June, the SGs and WGs will be asked to revise it.

- July and August will be for

  - polishing the document,

  - Developing the figures

  - Preparing the graphical layout.

- 2025-09-01 is tentative deadline for the final document.

Thanks.
