

Detector Technology and Systems (DTS)

for applications in the Research Field "Matter" and beyond

DetecTABL: Research Infrastructures for Detector Development, Test and Application Beamlines & Labs

Interconnect and Packaging Facilities

Quantum Sensor Production Facilities

Assembly Facilities

Test and Application Labs & Beamlines

With MANY caveats on the exact numbers, what is included and what not, further changes after in-center discussions, etc etc etc
Just a very rough view for today:

	ST1	ST2	ST3	ST4	All
DESY	14	6	18	5	43
GSI	10	2	7	0 (?)	19
KIT	8	4	18	12	42
Total	32	12	43	17	104
