  - We will pause this work for a couple of months due to the holiday period
  - Johannes Reppin has completed a draft of the mono repo https://github.com/belfhi/scicat
  - How do we deal with issues?
    - Migrate open issues
    - Use labels to help guide whether they are issues on the FE, BE

- Updates on UX/UI
  - Spencer set up a Github Projects with UX/UI issues
  - Request to community to help with details and improving ideas
  - Summary of Amir's work, key takeaways:
    - no standards in SciCat, need to create this
    - Interview the users
    - Presented the UX/UI team
    - Made changes to the dataset
    - Amir to present next time

- Updates on Documentation
  - User Docs
    - Regina needs information on the jobs for Users
    - Regina to make a PR for the user-documentation repo
    - User guide currently low in content
    - Welcome comments on the restructuring
  - Developer Docs
    - Laura presented some PRs she had completed on open issues on the documentation repo
    - Majority of the attendees favour splitting the documentation into FE and BE.
    - Contribution guidelines have now been added - please comment on the PR https://github.com/SciCatProject/documentation/pull/80

- Ingestion
    - Fix the create dataset button (it can be enable/disabled in the configuration)
    - Write tests and documentation for the enable/disable button
    - Come up with a roadmap
    - If you have a special case please add to the issue.
- Any Other Business
    - There was no other business
