

2. DPG-Herbsttagung: 100 Years of Quantum Physics (Göttingen)

Wednesday 10 September 2025

Symposium: Quantum Physics at the High-Energy Frontier – The Higgs Boson in the Standard Model and Beyond - ZHG105 (10:45 - 12:45)

-Conveners: Johannes Haller

time	[id] title	presenter
10:45	[6] The Higgs Boson – Key to our Understanding of the Universe	Prof. MÜHLLEITNER, Milada Margarete
11:15	[7] The path to the discovery of the Higgs boson	JAKOBS, Karl
11:45	[8] The Higgs boson revealed: What current experiments teach us about this unique quantum state	KOENEKE, Karsten
12:15	[9] A Quantum Leap Forward: Unlocking the Higgs Boson at Future Colliders	KLUTE, Markus
