

**Session Program**

**26-27 Jan 2026**

**Temporally Coherent Synchrotron Light  
Sources**

***Advanced coherent generation schemes***

TBA

# Monday 26 January

10:50

## Advanced coherent generation schemes

**Session** | **Location:** TBA | **Convener:** Carsten Mai

10:50–11:10 **Self-seeded setups at X-ray FELs**

**Speaker**

Shan Liu

11:10–11:30 **Recent advances toward 1keV fully coherent pulses at FERMI**

**Speaker**

Giuseppe Penco

11:30–11:50 **Echo-enabled harmonic generation at DELTA**

**Speaker**

Prof. Shaukat Khan

11:50–12:10 **Steady-state microbunching results at MLS**

**Speaker**

Arnold Kruschinski

12:10
