Action Items

Improve autoproxy handling of old certificate

- > Expired myproxy certificates are now deleted

show NAF 2.0 plans in May NUC

- > Yves is sick
 - Will be done next meeting

rethink queue setups for 15min queue, etc

- > Short talk about queue setup next Meeting planned
- > Experiments should think about their usage patterns up to now

CVMFS

- > Test done by experiments
- > So far no big problems seen
