

The ATLAS DESY effort

Status

- EOI submitted to ATLAS in February
- Acceptance as collaboration member foreseen in July
- Up to now there seem to be no problems with the acceptance
- DESY and HUB are already accepted by the German ATLAS community and participate in the ATLAS-D group leader meetings

The ATLAS group

- DESY “F-Bereich”:

- S. Glazov, M. Medinnis, K. Mönig, T. Naumann, U. Stößlein, H. Vogt
- 1 fellow in Hamburg starting July (W. Menges)
- 1 or 2 PhD students in Zeuthen starting ~July
- other interested people not yet approved by Rolf Heuer

- DESY IT

- HH: M. Gasthuber (IT-ATLAS contact) + ???
- Zeuthen: A. Haupt, P. Wegner, S. Wiesand

- HUB

- H. Kolanoski, T. Lohse, M. zur Nedden
- 1 PhD student starting $\sim$ July
- 1 Postdoc and 2 PhD students requested from BMBF
- 2 diploma students (G. Fischer, R. Kwee)

- Hamburg university

- J. Haller (Junior professor)

Calender

ATLAS overview weeks

- 10-14 July (Stockholm)
- 2-6 October (CERN)

ATLAS-D physics workshop

- 21-22 September Heidelberg

LHC-D physics workshop

- Further information at
<http://www.ketweb.de/LHC-D/Workshop.html>

Tasks of the DESY et al. ATLAS group

- HLT steering and monitoring
- Participation in large scale test program (?)
- Fast shower parameterisation
- Support for Grid usage (details under discussion)

Future Meetings

- How often? Once per month
- Which day/time?
- Where? Alternation Hamburg/Zeuthen
- Do we want video/phone connection regularly? Every 2nd meeting
