

Parameter Estimation 1

Tuesday 19 March 2013 09:00 (1h 30m)

covering χ^2 -fits, χ^2 distributions, likelihood fits (binned/unbinned), tutorials showing bias of χ^2 -fitting for low statistics histograms or formulating your own χ^2 (in presence of correlated data?)

Presenters: Mr ROSEMAN, Christoph (DESY Hamburg); Dr FLUCKE, Gero (DESY)
