

Novel Accelerator Concepts

Friday 14 March 2008 09:00 (1h 30m)

Introduction: Acceleration and its limitations, wakefields, short-pulse lasers
Wakefield acceleration: basic ideas, example: CLIC
Plasma-wakefield acceleration: electron bunches, using intense laser pulses
Inverse free-electron lasers
Other ideas

Primary author: KHAN, Shaukat

Presenter: KHAN, Shaukat

Session Classification: Lectures
