

Kick-off Workshop of the Project "Enabling Technologies for Silicon Microstrip Tracking Detectors at the HL LHC"

Thursday 28 February 2013

Lessons learned from design, construction and operation of current LHC tracking detectors (09:00 - 13:00)

-Conveners: Ulrich Parzefall; Katja Klein

time	[id] title	presenter
09:00	[0] Introduction	Dr PARZEFALL, Ulrich
09:10	[1] Strip modules in CMS and ATLAS	AFFOLDER, Anthony
09:45	[2] ATLAS barrel integration experience	VIEHHAUSER, Georg
10:15	[3] CMS barrel integration experience	ABBANELO, Duccio
10:45	Coffee break	
11:00	[4] ATLAS end cap integration experience	JONES, Timothy John
11:30	[5] CMS end cap integration experience	Dr KLEIN, Katja
12:00	[6] ATLAS running experience	MCMAHON, Stephen James
12:30	[7] CMS running experience	Mr BUTZ, Erik
