

TOP 2013 - 6th International Workshop on Top-Quark Physics

Tuesday 17 September 2013

Alternative top quark mass measurements and mass interpretation - Raum Straßburg (10:30 - 12:10)

-Conveners: Hartmut Stadie

time	[id] title	presenter
10:30	[28] Alternative methods for top mass determination - Part I (20'+10')	FUSTER, Juan
11:00	[29] Alternative methods for top mass determination - Part II (20'+10')	DÉLIOT, Frédéric
11:30	[30] Interpreting the top quark mass: theretical and MC aspects (30'+10')	MANGANO, Michelangelo
