

MC4BSM - Monte Carlo for Physics beyond the Standard Model

Saturday 20 April 2013

Searches, Analyses, Model testing II - Main auditorium (11:00 - 13:00)

time	[id] title	presenter
11:00	[27] Automated Model Testing: ATOM	PAPUCCI, Michele
11:30	[37] Study of a Newly discovered particle using a LO Matrix Element in a 4-lepton channel	PARK, Myeonghun
11:50	[38] Characterizing a BEH-like resonance at the LHC	MAWATARI, Kentarou
12:10	[39] Discussion and Summary
