Cosmic-rays Acceleration, Sources  
and Propagation: A Rendez-vous

**10-19 September 2013**  
**DESY, Hamburg**

**Main topics of the workshop:**

- Sources of Galactic and Extra-galactic cosmic rays
- Acceleration of cosmic rays
- Propagation of cosmic rays
- Gamma-ray astronomy
- Cosmic ray anisotropy: observations and interpretation
- Models of the Galactic and InterGalactic magnetic field
- Indirect Dark Matter searches
- Observations of the Extragalactic Background Light

**Invited speakers include:**

Denise Boncioli (INFN-LNGS)  
Torsten Enßlin (MPA)  
Andrea Ferrara (Scuola Normale Superiore)  
Stefano Gabici (APC)
