

International Symposium on Multiparticle Dynamics 2008

Tuesday 16 September 2008

Recent Developments I (chair: K Fialkowski) - Sem 3 (19:30 - 22:00)

time	[id] title	presenter
19:30	[90] Structure and fluid properties of sGP and the crossover from hadronic matter to sQGP	LIU, Lianshou
19:50	[91] Study of Suppression at large fwd rapidities in d-Au Collisions at RHIC	SUMBERA, M.
20:10	[92] The nimbus of away-side jets	DREMIN, I.
20:30	[96] Net-proton rapidity distributions in central relativistic heavy-ion collisions	WOLSCHIN, G.
20:50	[93] Transport Coefficients in causal dissipative hydrodynamics	KODAMA, T.
