

International Symposium on Multiparticle Dynamics 2008

Wednesday 17 September 2008

Strategies and analysis methods (chair: E. De Wolf) - Auditorium (11:10 - 13:05)

time	[id] title	presenter
11:10	[42] Color reconnections and top physics	WICKE, D.
11:35	[105] Heavy flavor production at HERA as a probe of hard QCD	SHEHZADI, R.
12:00	[44] What can we learn from forward detectors?	BUNYATIAN, A.
12:25	[45] Recent L3 results (and questions) on BEC at LEP	METZGER, W.
12:45	[46] Bose-Einstein correlations	CSORGO, T.
