

LHC-D Workshop 2008 - Topquark Physik (III)

Friday 8 February 2008

Session I (13:30 - 15:55)

time	[id] title	presenter
13:30	[20] New tools for the top quark hadro-production cross section	MOCH, Sven-Olaf
13:50	[21] Double differential tt-bar production cross section measurement	BUNSE, Moritz
14:10	[22] Application of an analysis factory in search for single-top production	KIRSCH, Matthias
14:30	[23] Top-pair Cross-section measurement with Atlas	BANGERT, Andrea
14:50	[29] Selected systematic issues in dilepton top analyses	Mr TA, Duc Bao
15:10	[39] Single-Top Cross Section Measurement with CMS	WAGNER, Wolfgang
15:25	[26] Discussion
