

GISAS Satellite Conference

Tuesday 22 September 2009

Session 7 - MODELLING - Auditorium, bldg. 5 (16:50 - 17:40)

-Conveners: Stephan V. Roth

time	[id] title	presenter
16:50	[35] Combining GISAXS with in situ techniques to unravel optical and chemical properties of nanoparticles	LAZZARI, Rémi
17:20	[36] GISAXS from nanoparticles deposited on rippled dielectric surfaces: self-organization and correlated roughness effects	BABONNEAU, David
