

Mini Workshop on "Characterization of High Brightness Beams"

Wednesday 28 May 2008

Afternoon session II - S3 (17:20 - 18:00)

time	[id] title	presenter
17:20	[35] "Fiber bundle laser shaping with backward illumination" and "Z-polarized laser on the cathode & field emission with Schottky effect"	TOMIZAWA, H.
17:40	[36] Discussion on criteria for data taking and analysis procedures	LOOS, H.
