

CP3-Origins/DESY/Göttingen Autumn School on Particle Physics and Cosmology

Monday, 7 October 2013

Student's Session - Seminar Room 3, Building A.03 (17:20 - 18:30)

time	[id] title	presenter
17:20	[48] Standard Model Vacuum Stability and Weyl Consistency Conditions	
17:40	[46] Higgs couplings and implications for extended Higgs sectors	

Tuesday, 8 October 2013

Student's Session - Seminar Room 3, Building A.03 (17:10 - 18:20)

Thursday, 10 October 2013

Student's Session - Seminar Room 3, Building A.03 (17:20 - 19:00)

time	[id] title	presenter
17:20	[49] Constraining Dark Matter Scenarios with Gamma-ray Boxes	
17:45	[50] Long Lived Heavy stop at the LHC	Mr DRADI, Federico
18:10	[51] Dark Matter from Unification	
18:35	[52] Improved predictions of Higgs Interference Effects in the MSSM	FUCHS, Elina
