

READi Workshop 2014

Research Exchange And Discovery Workshop.

April 7-9 2014, CFEL building, DESY

Interdisciplinary workshop aimed at PhD students from one of the PIER research fields:

Particle and Astroparticle Physics, Nanosciences, Photon Science, Infection and Structural Biology

Invited Speakers:

Herbert K. Dreiner (Bonn University)
Harrison B. Prosper (Florida State University)
Wolfgang Hansen (UHH)
Robin Santra (UHH & DESY)
Markus Perbandt (UHH)

Discover the exciting research fields within the PIER Helmholtz Graduate School and teach fellow students about your own work.

This workshop will feature introductory lectures for each of the PIER research fields by invited experts, as well as short talks by the participants. Especially young PhD students are encouraged to present their research to a mixed audience. There will be plenty of time for discussions and exchange during a reception, a conference dinner, and guided lab tours.

**Registration open from December 2 to February 14:
